

PRINTPAC

WIDE FORMAT_INTERIOR DIVISION

Printpac is a DubaiSME 100 selected , award winning FSC certified commercial print company based in the Dubai Production City, Dubai, U.A.E (a TECOM free zone which was formerly known as IMPZ).

We have been in the UAE print industry since 1975. The key focus areas are Client Satisfaction, Growth Performance, Financial Soundness, Innovation, Technological advancements, Human Capital Development, International Orientation, Corporate Excellence and much more. Our industry knowledge, experience and technology provide us with an innovative approach towards fulfilling print requirements & in providing print consultancy.

We have recently expanded and diversified into providing solutions for the Large Format Print market. A professionally qualified work force is already recruited in order to manage this department. We have an added production area of 5000 sqft while inducting, industry benchmarked equipment from HP which provides Latex printing of up to 3.2 Mtrs width, generally required, for outdoor displays on buildings. The HP Latex Inks allow us to produce odorless prints for particularly required interior spaces in sensitive environments such as in the hospitality & in the healthcare industries.

The interior decoration market extends from the traditional to the trendy. HP Latex Technology provides innovation—from versatility to flexibility and durability—that is helping drive the transformation of the industry. HP Latex Technology delivers all the certifications that matter to your operators, your business, and the environment. Reach new indoor display environments like hospitality, healthcare—odorless prints go where solvent and UV can't. HP Latex Inks are non-flammable, non-combustible and nickel free.
